Julie Cannon's novels just keep getting better and better. Her characters, both principal and secondary, are richly drawn with depth of background and motivations. In *Just Business*, real estate tycoon Dillon Matthews is trying to close the deal on the last piece of property she needs for The Gateway Project. Unfortunately, the seller wants to get to know Dillon as a person, rather than simply "the buyer."

Callie Sheffield is trying to get her brother out of prison. He's been unjustly convicted of murder, and he's her only family. Callie's life consists of work in a flower shop and visits with her brother.

Cannon takes Dillon and Callie on a wonderful roller coaster of a ride complete with physical and emotional highs and lows. This is a delightful tale which completely engages the reader. It's a must read romance.
