*Truths* takes the reader back and forth between 2008 and 1808. Jen, the heroine of 2010, works at a prison museum, where costumed, she tells visitors about life in the infamous cells. Elizabeth, who lived in 1808, was condemned to die in the same prison. As the story weaves between the two women, truths about their lives are revealed.

Buck has done a wonderful job in portraying the prison, the women entombed there, and their lives. Jen is also well drawn as a confused young woman who is content with her job in the museum, rather than taking a chance at life in the bustling city.

*Truths* has a strong plot told with humor and compassion.
